OF BRITISH COLUMBIA

# ABOUT

The Association of Faculties of Pharmacy of Canada (AFPC) invites pharmacy stakeholders to support pharmacist education across Canada by sponsoring our annual conference. AFPC, a non-profit, charitable organization, is the national voice of academic pharmacy. Through advancing pharmacy education and research in the eleven (11) Canadian schools of pharmacy, our vision is: *“to be a global leader in advancing academic pharmacy education through scholarship, advocacy, and collaboration.”* AFPC provides leadership, advocacy, and support for over 700 faculty members who educate more than 5,500 future pharmacists and 600 graduate students (MSc, PhD) each year.

## CPERC 2026

AFPC’s annual Canadian Pharmacy Education and Research Conference (CPERC) is the premier pharmacy educator conference in Canada. CPERC 2026 is co-hosted by the University of British Columbia and the University of Alberta. AFPC’s 2026 conference will take place in Edmonton at the Westin Edmonton on June 17-19, 2026, marking the largest gathering of academic pharmacists in the country.

The **CPERC 2026 program** consists of educational streams on innovative pharmacy education and research initiatives. Networking opportunities allow delegates to connect with colleagues, stakeholders, and sponsors. The conference opens on June 16 with an evening reception. Faculty and students will be recognized for their achievements in innovative education and research at the AFPC awards gala on June 17. Delegates will join a fun night on June 18. The educational program takes place on June 17-18. On June 19, two symposia are currently planned: one on **AI in education** and one on **pharmacy practice research**. Note that sponsorship of the conference and of the symposium can be separate or integrated.

## CPERC DELEGATES

The Deans and faculty members from the eleven (11) schools of pharmacy will be attending CPERC 2026 to learn about current, innovative Canadian pharmacy education and research initiatives, and to network with their colleagues. Stakeholders, pharmacy, and graduate students will also be participating.

**Total number of delegates expected at CPERC 2026 is over 300.**

# QUESTIONS?

CPERC 2026 offers sponsors an opportunity to learn more about advances in pharmacy education and pharmacy practice research and connect with leaders and faculty from eleven universities across Canada. It is also your chance to thank pharmacy students, educators, and pharmacists for their tremendous contribution to the workforce development and healthcare needs of Canadians.
